## DR. BANIKANTA KAKATI SENIOR SECONDARY SCHOOL, DHUBRI

*A Homage to  
The Great Son of Assam*

### DR. BANIKANTA KAKATI

**1894-1952**

Dr. Banikanta Kakati was born in 1894 at Barpeta, Assam. He was a great scholar, linguist, literary critic and academic of great repute. He showed sign of his genius from his early childhood. It was said that he could memorized the whole Panini, a Sanskrit Grammar of 3949 verses in his school days. In his matriculation he secured the highest position in English under Calcutta University. He took his first M.A. degree in English Literature from the Presidency College, Calcutta. Later on he secured first class first position in English Literature under Calcutta University in 1923. While studying M.A. in English he obtained his doctorate for his thesis "Assamese: Its Formation & Development" in 1935. He joined Cotton College in 1918 as a professor of English and worked there until he became the principal of the said college in 1947. His unwavering effort and enormous contribution in the field of Assamese language and Social reformation will never be forgotten. The rationale behind the naming of our school in the name of the great and worthy son of Assam is that the next generation must remember his name for his contribution for the state and we believe that it is indeed a true homage to him.

We are eternally indebted to Dr. Banikanta Kakati and we feel proud, honoured and inspired that his august name graces our school.

## Message from the Managing Director

In my three decades of teaching experience I have realised that Assam in general and Dhubri District in particular needs special attention and efforts in the field of Education. To uplift the vast area of Dhubri and its surrounding localities we must work on educating the youths with latest facilities conforming contemporary trends on education. Therefore, we a group of individuals formed an NGO namely, **Pancharatna Educational and Research Foundation (PERF)** with an aim to create educational awareness and bring a positive revolution in the field of education. Moreover, when government approved the NEP 2020, which will be implemented very soon, we decided to open a senior secondary school as all the degree colleges will stop taking admission in H.S. level. We have

further decided that the school will be named after one of the greatest sons of Assam, Dr. Banikanta Kakati, the eminent scholar, linguist, writer and a critic of great repute. Thus, the school has been named as Dr. Banikanta Kakati Senior Secondary School, Dhubri and proposed to establish in 2020 on the birth as well as death anniversary of Dr. Banikanta Kakati.

We believe that the aim of education is not only the cognitive development of the students but also building character and creating holistic and well-rounded individuals equipped with the 21<sup>st</sup> century skills. We believe that each student is a unique individual who needs a secure, caring and stimulating atmosphere in which they can grow emotionally, intellectually, physically and socially and develop their self-esteem and core values. We, as educators, firmly believe in Learners-Centred learning which is focused on the students' needs, abilities, interests and learning styles with the teacher as a facilitator of learning. We also believe that inclusive education is an opportunity as it enhances the emotional quotient of the students as they develop patience, tolerance and compassion for their peers.

I firmly believe that the committed and competent teachers led by me, will surely make a mark in the society. I do hope that the institution will be the first choice of the parents and students alike in no time. I wish all the very best to the teaching staff, non-teaching staff and the students.

### OUR VISSION

**TO MAKE MAN THROUGH EDUCATION**

### OUR MISSION

- To create a suitable environment for holistic developments of students'.
- To nurture young minds, strengthen their values and make them worthy human beings.
- To equip our students with achieving skills and train them to be competent as well as creative

**VALUE:** We believe Human Excellence is the aim of all Education.

## FROM THE DESK OF THE VICE-PRINCIPAL

“Education is not the filling of a pail, but the lighting of a fire.”

It is a privilege to welcome you to DRBKSSS, Dhubri—a centre of learning where young minds are inspired with curiosity and guided towards excellence. As a senior secondary institution, we are committed to preparing students not only for academic success but also for the challenges of higher education and life beyond.

Our institution stands as a beacon of quality education, seamlessly blending knowledge with strong moral values. We focus

on the holistic development of our students by fostering academic excellence, discipline, critical thinking, creativity, and active participation in co-curricular and leadership activities.

Our dedicated teachers serve as mentors, guiding students to discover their strengths, sharpen their skills, and grow into confident, responsible, and compassionate individuals ready to contribute meaningfully to society.

We look forward to partnering with you in shaping a bright, purposeful, and successful future for every learner.

## About the School

**Dr. Banikanta Kakati Senior Secondary School,** Dhubri has been established in 2021 by a group of great visionaries. The school is situated at the stone throw distance from B.N College Dhubri and in the close proximity to Naya Masjid, College Road, Dhubri.

## History behind its establishment

On 29th July, 2020 the New Education Policy was approved by the Union Government of India. The policy envisages that the old and conventional 10+2 structure in school education will be modified with a new pedagogical and curricular restructuring of 5+3+3+4 design. After realizing the importance and significance of the implementation of NEP-2020, a group of great visionaries and eminent personalities from our locality came forward to extend their helping hands towards the implementation process of the policy with the assistance of some young, energetic, highly qualified and dedicated teaching staff. Thus, DR. BANIKANTA KAKATI SENIOR SECONDARY SCHOOL, DHUBRI came into existence under the aegis of **Pancharatna Educational & Research Foundation**. Our school has an enriched environment which is not only student-friendly but also engaging for the students where teaching-learning is conducted in a more interactive manner, questions are encouraged and classroom session contains more creative, collaborative and exploratory activities for deeper and more conceptual learning. DR. BANIKANTA KAKATI SENIOR SECONDARY SCHOOL, DHUBRI has raised its voice against the conventional and deep rooted psychology behind the malpractice of offering extra private tuition. The school has taken a brave initiative to put a full stop on this conventional oddity and has created TUITION FREE Environment by some innovative teaching practices.

In addition to this, the school also subscribes different sets of quality newspapers, weekly and monthly magazines, and Journals.

## Science Laboratory

**(A Place for first-hand learning Experience)**

" A Scientist in his laboratory is not a mere technician: he is also a child confronting natural phenomena that impress him as though they were fairy tales" -

**Marie Curie**

The study of Science is fully based on observation and experimentation. In order to understand the concepts of Science, one has to look beyond the conventional classroom teaching and bookish knowledge. We strongly believe that effective teaching-learning of Science involves seeing, handling and manipulating the real objects and materials. The school has three large and separate laboratories for Physics, Chemistry and Biology to provide students the best exposure and practical training. Each laboratory is spacious and well-equipped with all the essential chemical reagents, apparatus and instruments to ensure that the students grasp each and every concept thoroughly.

## Admission Procedure

Application forms for the admission to the School, attached with the prospectus are available in school office. The form completed in all respects is to be submitted to the office of the Principal on notified time. Students applying simultaneously for more than one stream must submit separate application forms. Students seeking admission shall have to present themselves before the admission committee as per date and time to be notified by the school authority. No application shall be considered valid unless it is accompanied by the self attested copies of Admit Card, Marksheets, Pass/Transfer Certificates, Caste Certificate (if applicable), photograph, etc. as mentioned in the application form. Moreover, the candidate will have to produce original copies of the same at the time of admission. Admission will be done as per merit list prepared by the admission committee of the school. The decision of the school Admission Committee will be final.

**N.B. The filling of forms to be done online through DARPAN portal of AHSEC**

## Co-Curricular Activities

The school strongly believes that for the overall personality development of the students Co-curricular activities are must.
